

“FROM THE DESK OF FATHER JONATHAN”

SEPTEMBER 27, 2015

I'm writing this note on my way to Washington D.C. to be there for the arrival of Pope Francis. By the time you read this column you will have seen the pope on television or in person. The Pope's message will likely be a call to personal conversion of heart....to be the heart, hands, and feet of Jesus in our homes and neighborhood, especially for the most needy.

We can either let this pope entertain or inspire us and then go back to life as usual or we can decide to actually put his invitation into action.

One practical way of doing this as a parish is for every parishioner to commit himself to some ministry.

This could be as a Eucharistic Minister, a Lector, Religious Education teacher, Choir member, Altar Server, Youth Group member or advisor, Mission Outreach coordinator, Office Volunteer, Clothing Pantry organizer, Fundraising Committee member, and the list goes on....or add to the list with ideas of your own! If you are not yet serving the parish in some way, give the office a call and we will put you to work, as Pope Francis has invited us to do!

Father Jonathan
